

ABOUT ARPAN:

Perhaps the only one of its kind in India, "ARPAN" a Diagnostic & Development Centre for Multiply Handicapped Children was established in Baroda in December, 1993.

"ARPAN" renders a unique Centre and Community based integrated service-oriented program for children with multiple disability. A multidimensional, Trans - disciplinary approach helps the disabled children in their Language, Social, Cognitive and Motor Development.

Arpan aims at:

- ❖ Catering to all kinds of handicaps
- ❖ All services under one roof
- ❖ Family involvement
- ❖ Counseling
- ❖ Rehabilitation
- ❖ Awareness building
- ❖ Prevention of Disability

Arpan has a two-fold service program.

Centre Based:

Assessment and Diagnosis, Cognitive Stimulation, Physio and Speech Therapy, Special School, Vocational Rehabilitation, Counseling, Immunization and Advice for Scholastic Backwardness

Community Based :

Children who cannot come to the centre are given therapy by trained Community Health Workers in their homes itself.
